## Trail Report

As of 12/21/22, all trails are being panned and lightly groomed in the eastern part of Price County. Although our trails are closed, they are ready for snowmobiling once the decision has been made to open them. Presently the trails have about a 4-inch base so once the trails open, we ask all to travel at a slower speed so that the base remains intact and rocks are not exposed. Please be mindful that our volunteer groomers and tractor and drag are on the trail every day of the week. They may be going in the same direction that you are traveling but they also may be coming towards you. Keep this in mind, especially around sharp curves. Use your head and be safe.

Price County trails all open/close at the same time. We will inform everyone as soon as the County gives approval to open for the year.
