Trail Report

All of our trails have about a 1-3" snow base. Many of our trails have sections containing rocks so please ride with caution. Several of our trails have various areas with no snow on the trail. Our trails should be considered in early season condition. There is logging on 101 west of Cedar Rapids Rd. and on 121 between Gates Lake Rd. and Sailor Lake Rd. The weather forecast for this week includes multiple days in the 40's. With the small amount of snow we have, trails may deteriorate quickly so enjoy them while you can.
